Seller is motivated and willing to discuss offers, and the home's luxury furniture is negotiable too!

Whether it's a gorgeous sunset or the northern lights dancing overhead, this is a rare opportunity to own a front-row seat to nature's beauty at its finest. Outside, the fully fenced and meticulously maintained yard features a heated patio, raised garden beds, and a spacious storage shed, which is perfect for your ATV, snowmobile, or seasonal gear. Step inside this 4-bedroom, 3-bathroom home and be instantly marvelled by the floor-to-ceiling windows in the living room, offering panoramic views of the lake from the comfort of your favorite recliner. Keep cozy with the top-tier Harman Absolute63 pellet stove, which also helps reduce heating costs. The open-concept kitchen, dining, and living area boasts soaring vaulted ceilings and stunning custom cabinetry crafted in Montreal. Marble countertops and gleaming white marble floors elevate the space, while a private deck just off the kitchen invites you to enjoy your morning coffee with a sunrise view. Maple hardwood and luxury vinyl plank flooring flow throughout, guiding you to a grand formal entryway, a sleek full bathroom with quartz countertops, a stand-up shower, stacked laundry, and a spacious main-floor bedroom. Upstairs, you'll find three more bedrooms each with their own patio access overlooking beautiful Prelude Lake. Two of the bedrooms feature ensuite bathrooms, kitchenettes (with sink and mini fridge), and cozy seating areas, making them ideal for guests or short-term rentals. The separate workshop/rec room building, heated by both propane and pellet stove, includes a wet bar, pool table area, and space for games, hobbies, or even a home office. A brand-new hot water on demand system adds convenience and comfort. There's also a charming guesthouse, fully self-contained with a private bathroom and its own deck overlooking the lake, so perfect for visiting family or friends. Lastly, the detached heated garage has been recently upgraded with concrete floors, built-in shelving, and extra parking space for your RV, boat, or other toys.
